Thanks Holly,

I will take a look. I think the best time for me to meet on Monday would be between 1-2:30 or after 4:30.

Nancy

Subject: IRIS in the budget

Richard/Nancy,

Thanks for taking time to discuss the approach to IRIS with Ryan yesterday. I would like the 3 of us to chat on Monday regarding messaging, both internal and external, related to IRIS and the new approach. In particular, the budget documents will have to be updated to explain the change and our new approach.

I've included a link to the budget document below. IRIS is first mentioned on page 100 – this program/project is where the bulk of the IRIS resources currently are. If we move resources from here (in ORD) to Superfund or TSCA, we will need to note our changes on page 101 and 102, in the “FY 2018 Activities and Performance Plan” and “FY 2018 Change from FY 2017 Annualized Continuing Resolution (Dollars in Thousands)” sections.

We will need new language to support the IRIS work we are doing in SF and TSCA. Note, we sort of initiated this process last year, as some IRIS resources were moved to SF on page 397.

Thanks for your help.

Holly
